GREETINGS OF OFFICIAL SPONSOR

Dear Participants,

We are glad to greet you at BLACK SEA GRAIN-2024 conference, which brings together participants of Ukrainian and European agribusiness, so that they could get acquainted, exchange experience, and establish fruitful cooperation.

Ukrainian agribusiness immediately after the full-scale war began to look for new logistic directions for export of grain products. Thus, our company "Almeida Group" was one of the first who organized a railway terminal at the interstate transfer station on the border with Romania and already on March 28, 2022 sent the first batch of Ukrainian wheat to the port of Constanta. We did not stop at this stage and opened several more logistics terminals that successfully send Ukrainian agricultural products to Poland, Italy, Austria, Switzerland, Germany, Netherlands and other countries.

We thank you for your participation in BLACK SEA GRAIN conference. I would like to invite you to visit our stand in order to familiarize yourself with the information about perspective directions of our activity and about the offer that will benefit companies having a desire to cooperate with a reliable company in the field of logistics and trade of grains from Ukraine.

Director,
Almeida Group
