## GREETINGS OF ORGANIZER

**Sergey Feofilov**  
General Director  
UkrAgroConsult

Dear Friends!

On behalf of the Organizing Team of the 10th International Conference BLACK SEA OIL TRADE-2024 I am proud to welcome you in Bucharest on October 15.

This year is special for UkrAgroConsult, as our company marks its 30th anniversary. We remain loyal to our mission of counseling business that feeds the world, providing comprehensive agri markets analyses and events for the global leaders of grain & oilseed industry.

Oilseed market in the Black Sea & Danube region has undergone significant changes due to the ongoing war in Ukraine. Disruptions in logistics and supply chains have particularly affected the transportation of oilseeds and vegoils to the global market. Ukraine is a major producer of sunflower oil and meal, and disruptions in production and exports have led to a sharp increase in prices of oilseeds and vegoils globally, which in turn has affected food costs and led to inflation in various regions.

Together we will deal with the major trends in the global oilseeds market for the coming years, and discuss how they affect farmers in the Black Sea & Danube region. We will identify the main challenges faced by oilseed producers in the region amid current global market conditions to help the market stakeholders curb the global food inflation.

Our joint efforts will promote the development of the agricultural industry of the Black Sea & Danube region towards a more sustainable and highly efficient pattern. I hope that joining this conference today will help all of us to clarify the priorities of the coming years.

Special great thanks to our Distinguished Sponsors, Guests, Partners and Delegates for their support and sincere desire to assist creation of a new regional agricultural market.
